## Special Supplement

Strengthening Knowledge  
and Understanding of  
Dietary Supplements

July 28, 2022

### ODS Invites Public Comment on Strategic Plan Draft

The Office of Dietary Supplements (ODS) at the National Institutes of Health has initiated a strategic planning process that will culminate in the publication of the ODS Strategic Plan for 2022–2026. To assist with this process, ODS requests input from research communities— academic, government, and industry— and from other interested parties. The overall purpose of the strategic planning effort is to identify both new opportunities and emerging needs for incorporation into the programmatic efforts of the office. ODS desires comments and suggestions on the [Draft ODS Strategic Plan](#) regarding these important issues:

- Are there additional emerging public health issues that ODS can help address?
- Are there existing knowledge gaps that ODS can help address (not included in the current plan)?
- Is there anything that ODS can do differently to meet the needs of its stakeholders?

#### How to submit comments:

Interested individuals and organizations should submit their responses to [ODSplan@od.nih.gov](mailto:ODSplan@od.nih.gov)

**All responses must be submitted by 11:59 p.m., Eastern Time, Wednesday, August 31, 2022.**
